

2017 TEXAS ACSM ABSTRACT SUBMISSION DIRECTIONS AND CHECKLIST

Abstracts are limited to one typed page (see Abstract Submission Template on the TACSM website). The abstract should be formatted using the posted template (.docx format, please type directly into the template and then save to submit) and include the following elements:

1. Descriptive Title of Project
2. Authors of Project
3. Institutional affiliation of all authors
4. Classification of first author (Undergraduate, Master's, Doctoral, PIT, or Clinical)

Abstracts are **not to exceed one page**, using the formatting/text size provided on the Abstract Submission Template. If you chose to include a table or figure, remember, the abstract is limited to one page.

Note: Abstracts that do not adhere to these guidelines will be administratively rejected for publication and presentation.

Poster Formatting Guidelines-

TACSM requires all posters to be in portrait format. Adherence to this requirement is essential because the poster standards cannot accommodate posters that are not in this format (see picture to left). **Posters must be formatted to a size of 48" high (top-to-bottom) x 36" wide (right-to-left).** The poster must be printed on a single sheet of paper. Many universities offer this service and if your university does not, then you can contact a local FedEx Kinko's or other print shop. **NOTE: Failure to comply with these preparation guidelines will result your poster not being displayed.**
